## PRODUCT DESIGNER

Tampa, FL (Remote) · [matt@digitalfish.io](mailto:matt@digitalfish.io) · 678.362.2116 · [linkedin.com/in/matthicksfl](https://www.linkedin.com/in/matthicksfl) · [digitalfish.io](https://digitalfish.io)

### SUMMARY

Product designer with 3+ years shipping accessible digital products in Figma — from client discovery through developer handoff. Deep expertise in design systems, ADA/WCAG compliance, and AI-augmented workflows using Claude Code, Figma AI, and MCP. 2024 Horizon Interactive Gold Award winner. Proficient in HTML/CSS.

### EXPERIENCE

UI/UX Designer

Dec 2022–Present

Revize Software Systems · Remote

- Shipped 170+ government website design projects end-to-end in Figma — from client kickoff and discovery through high-fidelity mockup, revision cycles, and developer handoff
- Contributed to the development and maintenance of Revize's Figma component design system, establishing reusable patterns that accelerated project delivery across the team
- Integrated AI into every design phase: used Claude Code to automate documentation workflows (transcripts → design notes → client presentations → handoff docs), Figma AI features (Imagen, Nano Banana, content tools) daily, and MCP for CLI-based AI workflows
- Designed and enforced ADA/WCAG accessibility compliance on all projects — auditing every deliverable against WCAG 2.1 standards before handoff
- Conducted client kickoff meetings, led design presentations, and managed revision cycles — owning the full client relationship from brand discovery to approved delivery
- Collaborated closely with development team on QA, translating Figma designs into production-ready handoff documentation; proficient in HTML/CSS with an eye for implementation fidelity

2024 Horizon Interactive Awards — Gold (City of Golden, CO, lead designer) · Gold, Silver ×2 & Best in Category with team · Websites, Towns & Municipalities

Graphic Designer & Production Manager

May 2016–Jan 2023

Minuteman Press · Brandon, FL

- Owned end-to-end graphic design and print production for a high-volume shop — managing client projects, vendor relationships, and all creative output
- Developed client communication and production management practices that directly inform current design process
