Matthew Hicks

PRODUCT DESIGNER

Tampa, FL (Remote) · mattghicks@gmail.com · 678.362.2116 · linkedin.com/in/matthicksfl · digitalfish.io

SUMMARY

Product designer with 10 years in design and nearly 4 years of remote UI/UX product design, shipping accessible products in Figma from discovery through developer handoff. Expert in design systems, WCAG 2.1 AA accessibility, and AI-native workflows (Claude Code, MCP, Figma AI). I build what I design in React, Next.js and TypeScript. 2024–2025 Horizon Interactive Awards: 3× Gold designer of record.

EXPERIENCE

UI/UX Designer

Dec 2022–Present

Revize Software Systems · Remote

- Shipped 200+ government website design projects end-to-end in Figma — from client kickoff and discovery through high-fidelity mockup, revision cycles, and developer handoff
- Contributed to the development and maintenance of Revize's Figma component design system, establishing reusable patterns that accelerated project delivery across the team
- Integrated AI into every design phase: used Claude Code to automate documentation workflows (transcripts → design notes → client presentations → handoff docs), Figma AI features (Imagen, Nano Banana, content tools) daily, and MCP for CLI-based AI workflows
- Designed and enforced ADA/WCAG accessibility compliance on all projects — auditing every deliverable against WCAG 2.1 standards before handoff
- Conducted client kickoff meetings, led design presentations, and managed revision cycles — owning the full client relationship from brand discovery to approved delivery
- Collaborated closely with development team on QA, translating Figma designs into production-ready handoff documentation; proficient in HTML/CSS with an eye for implementation fidelity

2024–2025 Horizon Interactive Awards — Designer of record on 3× Gold (Golden CO · Waukesha WI · Gardner KS), Best in Category (St. George UT), Silver (Iosco-Arenac Library MI) · Plus 4 team wins · Towns & Municipalities + Government Agency

Graphic Designer & Production Manager

May 2016–Jan 2023

Minuteman Press · Brandon, FL

- Owned end-to-end graphic design and print production for a high-volume shop — managing client projects, vendor relationships, and all creative output
- Developed client communication and production management practices that directly inform current design process

SKILLS

Figma	Daily since 2022 · Components · Auto Layout · Prototyping · Dev Mode · Figma Sites
Design Systems	Variables · Modes · Tokens · Styles · Component Libraries
AI Tools	Claude Code · Figma AI (Imagen, Nano Banana) · MCP · MidJourney · Make
Design	Adobe Suite (Photoshop, Illustrator, InDesign) · Sketch
Front-End	HTML5 · CSS3 · JavaScript · TypeScript · React · Next.js · Tailwind CSS
Accessibility	ADA / WCAG 2.1 AA · Color contrast · Keyboard navigation · Focus states
Process	Client discovery · Dev handoff · QA · Redmine · Monday.com

EDUCATION

B.S. Web Design & Development

2016 · GPA 3.6

Full Sail University · Winter Park, FL
